EXPERIENCE

Full-Stack Website Developer

Stories of the Land - Saskatchewan Polytechnic

September 2023 - April 2024

Saskatoon, SK

- Designed, developed, and created several pages on the Stories of the Land website in the ASP.NET Core MVC 7.0 Framework
- Worked with 5 other people through bit bucket and the use of git bash.
- Crafted Cypress end-to-end UI tests for each UI component developed.
- Wrote NUnit tests for C# classes.
- Used a SQLite database to retrieve contents and display it on a View.
- Added Authorization and Authentication through Microsoft Azure for the systems login functionality.
- Worked with various API such as Google Analytics, Google Charts, and HERE Maps.
- Minute taker during client meetings in an agile work environment.
- Worked with Docker to deploy a website through an Azure Web App.

Cashier

Saskatoon Co-op

June 2022 - Present

Saskatoon, SK

- Provided exceptional customer service by addressing customer requests, issues, and ensuring customer satisfaction.
- Handled cash transactions effectively and efficiently while maintaining precise records of transactions resulting in minimal errors and discrepancies.
- Resolved customer complaints and concerns in a calm and efficient manner, finding effective solutions to ensure customer satisfaction and retention.
- Assisted colleagues during busy work periods demonstrating cooperation and teamwork to ensure smooth transactions.
